PREPARING BIG THANGSGIVING FOR FREMONT SOLDIER BOYS

The San Mateo County Committee of the National League for Woman's Service has selected Thanksgiving Day for the opening of the clubhouse at Camp Fremont on which work is being rushed, and plans for a general house-warming are enthusiastically going forward. Women are cheerfully and unselfishingly foregoing home festivities that the soldiers may have a happy Thanksgiving and housewives of San Mateo county are urged to donate mincepies, doughnuts and roast turkey in order that the canteen may have the real flavor of "home."

The clubhouse itself will be made as homelike as possible, and when the bungalow at Menlo Park was generously donated by John Rothschild for the duration of the war, he made no restrictions. The committee was left free to remove partitions and to make such additions as should be needed. One generous woman, who prefers that her name be not made public, has given $2,000, another $500, to pay for the two new rooms, one of which is to be a reading and study room the other will be for billiards and games, and will be supplied with many small tables fitted cards and picture-puzzles. The main room will have one end given up to the canteen or food department, where sandwiches, hot coffee, chocolate, cake, pie, cigars cigarettes, candy and gum will be always on hand.

Donations of these articles can be sent to the National Defenders Club, Menlo Park, after Thanksgiving Day, or now to Mrs. Rothschild, Burlingame. Donations of chairs, tables, and games are needed, and most of all a Victrola. A piano was the generous donation of a woman with two sons in the service. Books have been donated, but more are needed, and may be sent to Mrs. Charles N. Felton, Menlo Park. Mrs. Andrew Stone of Burlingame, will receive donations of furniture, and she needs couches, now, as a group of enthusiastic women meet at her home daily to cover couches and many pillows are also needed. Search your garrets for furniture and remember that shabbiness is no drawback—wonders are being achieved with gay cretonne and bright paint.

Mrs. Lewis Hobart, chairman for San Mateo county for the National League for Woman's Service, has opened headquarters at 316 Second Ave. where women are on duty every day taking enrollments. Any woman may register for service according to her service and ability, from the housewife to the physician.

Mrs. W. W. Stettheimer, who has charge of the enrollment headquarters of the league has offices at 396 Broadway, Redwood City. These offices will be open fro m10:30 a. m. to 12 m. and from 2 to 4 p. m. every afternoon.

Work for the canteen is not work, it is a privilege, for the response from these young enlisted men is so eager, and their appreciation so genuine. The office of chairman of the various committees is filled by: Mrs. Lewis Hobart, Chairman for San Mateo county Mrs. Perry Eyre, vice-chairman Mrs. Max Rothschild, canteen; Mrs. Selah Chamberlain, finance; Mrs. Charles N. Felton, library; Mrs. Andrew L. Stone, furnishings; Mrs. Clarence Walter, registrations; Mrs. Douglas Watson, motor service; Mrs. John Rothschild, entertainments; Miss Ethel Havemeyer, cigars and cigarettes; Miss Kathleen Finnegan, publicity.

BALMY CLIMATE ATTRACTS MANY NEW HOME OWNERS

Among the new home owners in Redwood Highlands are Dr. Larz A. Smith and family, who are comfortably installed in their home on Hopkins avenue, corner of Hudson; Mr. King and family on Lowell street, in the former George H. Irving home, and Mr. Irving has taken a larger two story residence on Fulton street. In a short time Mr. Van Fleet will arrive and occupy his new home on Lowell street opposite William Manaton and wife (nee Graham), who now occupy the Burgess residence. Another San Francisco family are the Misses Culligan, corner of Brewster avenue and Jeter. Still another family from the city living on Brewster avenue is Alfred J. Robertson and family. Mr. G. Fortier of the ship building plant, and family expect to move into their home on Birch street today.

We also expect to be able to announce several more additional families who will settle in Redwood City in the next week or two.

The George H. Irving Company reports the sale of an eight-room home in Wellesley Park to C. Douglass Jessup, who expects to move from Palo Alto about the first of the month. The location of the new offices of the company corner of Broadway and State Highway is largely commented upon as being a very wise move as it makes it very handy especially for visiting autoists to Redwood City.

From the exhibit at the California Land Show have been moved to Redwood City, three minature bungalows which are exact replicas of homes built in Redwood Highlands. Their branch office at Menlo Park also reports the sale of the U. Berton residence to Fred Roth of Los Angeles county. Also the leasing of several homes and a number of business leases. C. F. Drager, an experienced real estate man, formerly of Seattle now has charge.

Six sales have been made in the last ten days in blocks one to sixteen, Oak Knoll Manor. The company reports since placing on sale the remaining blocks that it will be but a short time before they are completely sold out, as this property is located within the Redwood City limits.

DR. GEORGE T. POOLE DIES FOLLOWING OPERATION

Dr. George T. Poole, well-known in this city, where he was born and grew to manhood, passed away in San Francisco late Wednesday afternoon after a short illness. About two weeks ago Dr. Poole was stricken with appendicitis and was removed to a hospital for an operation. This, however, was not successful, complications setting in and for the past week but little hope of his recovery was held out by the physicians in charge.

Deceased was the son of Mrs. Sarah L. and the late John Poole and the younger brother of John W. Poole, and at the time of his death was but slightly passed 36 years of age. Besides his brother, he is survivd by a widow, Mrs. Viola Hanson Poole.

While his death was not unexpected, news of the passing of Dr. Poole came as a decided shock to the people of Redwood City, among whom he numbered a host of friends. Of a bright and companionable disposition he easily made firm friends and was beloved by all witH whom he came in contact socially.

Dr. Poole received his early education in the schools of this city. Early in life he chose dentistry as life work. Naturally studious, he gave close study to his chosen profession and soon attained marked prominence as a practitioner.

The funeral took place from the home of the deceased at Forest Hill, San Francisco, yesterday afternoon, Rev. C. H. Stevens, rector of the Congregational church of this city, officiated at the funeral services. Interment was in Cypress Lawn cemetery.

Thieves Make Raid at Ravenswood

On Thursday evening there was stolen from A. B. Partee, who rents the Flood property near Ravenswood, a team, a set of harness and several sacks of oats and other parts of harness. Mr. Partee notified the sheriffs' office yesterday and his deputies are scouring the country for the robbers. It is believed that they will be apprehended shortly as the sheriff has a clue that will likely land the culprits in jail.

FIREMEN FILL PLACES OF BOYS CALLED TO ARMY

At a meeting of Hose Company No. 4 of the local fire department on Friday last officers were elected for the coming year. The meeting was featured by the resignations of two leaders of the company, Eric Thompson resigning as Foreman, and Rock Lombardini resigning as First Assistant. Both young men left in the Fifth contingent of men for American Lake. Speechmaking was in order, and in several neat speeches, the drafted men were given merited prais.

Gordon Seely was selected foreman to succeed Thompson, being elevated from the secretaryship of the company; Anthony Patrick was elected first assistant; David Stott second assistant; Charles Foley, warden; Alden Anderson, warden; Harold Hexner, secretary and treasurer; Lester Mullen, fire commissioner.

NEW BOSS AT THE NEW REDWOOD THEATRE

On November 15, 1917, the stork left a bouncing baby boy at the home of Mr. and Mrs. A. Belasco in San Francisco. The youngster, who is the first born, will arrive here on December first and may have something to say about the management of the New Redwood Theatre, which his proud father conducts with unqualified success. The boy's name is "Jack." He may excel his ancestry in histronic fame. The name "Belasco" has been connected with the American stage for many generations.

Ahlert Estate Appraised

H. C. Tuchsen, inheritance tax appraiser of the estate of Joseph P. Ahlert, deceased, has filed his inventory and appraisement. The total value of the estate is placed at $7,755. It consists of real estate at Menlo Park and personal property consisting of money in bank, stock, and household effects.

Suit Dismissed

The civil suit entitled D. W. Johnston against D. C. Howard has been dismissed in the superior court. The notice of dismissal was filed in the county clerk's office yesterday.

DUCK HUNTING REMINISCENCES

STORY NO. 19, By CLAUDE FOX

There is, I believe, scarcely a man or woman residing within the boundaries of this county, unless possibly it be a comparatively new resident, or some of our soldier boys at Camp Fremont, who either does not know personally, by sight or reputation, James L. Flood of Menlo Park. In an elegant million dollar mansion, the structural beauty of which is well-known to residents of nearly every state in the Union, erected years ago by the late James C. Flood, father of the gentleman to whom I have above referred, lives the man who is the subject of the prelude to this article. When I use the word man, it is done advisedly and with a full knowledge thereof I speak, for James L. Flood carries that qualification within him from the ground up. 'Tis said that a child born with a silver spoon in its mouth will never amount to much. That is unquestionably true in some cases, for we have all heard or read of the curse that apparently followed inherited wealth with many sons of millionaires right here in our Golden State of California. In pleasing contrast to such examples is the career of the man of whom I am now writing. Mr. Flood inherited wealth from his father, but that fact did not turn his head. He had the right stuff in his makeup for a foundation, and grasping the opportunity which was his, by strict attention to business and unlimited energy, he not only cared for that which had been left to his keeping, but accumulated more through judicious investments and strict integrity in dealing with his fellow man. "Live and let live" seemed to be the motto of this man who stands today rated as a millionaire. There is none of the crocodile in the unselfish manly personality of James L. Flood; none of that abhorent hypocrisy that permeates the beings of many men who today are classed as wealthy. Mr. Flood gives to charity every Christmas a small sized fortune, but it is done in such an unostentatious manner that many people know nothing of it. He is today the same unassuming, gentlemanly, democratic person that he was when I first met him about thirty-five years ago.

The duraton of our first meeting was very brief, and as a matter of fact my only object and chief anxiety was to make it just as short as I possibly could. At that particular time there was no desire on my part to meet Jimmie Flood, as we boys called him, at all, so it was a great relief to me at least, when our conversation ended and I was pursuing the even tenor of my way up through one of the Sweeney fields in the general direction of this city.

Now young Mr. Flood had built, or caused to be dug, on the north side of his father's property and about two hundred and fifty yards from the marshland, a pond which had been filled with fresh water from artesian wells. This pond was built for the purpose of attracting the wild birds of the bay and marshes and thereby furnishing sport and a goodly supply of wild game for himself and intimate friends. Willows had been planted around the banks and altogether it furnished an ideal place for the widgeon, teal, mallard and spoonbill to slake their thirst. It did not take the webfoots long to locate that pond and they were soon going in there by the hundreds. Wireless telegraphy in those days was undreamed of and Mr. Flood did not, to my knowledge, announce to the world that he had built that pond or disclose the purpose of its being built, but my first pal "Bill" and I had discovered the "Little Gravel Bed," the "First Fence" with its adjacent ponds, and like Napoleon, we looked around for more worlds to conquer, or rather for more duck ponds to discover. So one day we had meandered down as far as the "Fourth Fence" on the Sweeney ranch, when we heard considerable shooting at the "Fifth

HITS COOK; SHE BITES; ASKS COMPENSATION

John Morevich, a Servian, in charge of the concrete work on the Dumbarton Bridge near here Wednesday struck Annie Riley, negress cook for the bridge laborers, in the jaw, and the woman bit his finger. Now Morevich wants compensation under the Employers' Liability Law for the damage done.

Morevich had his assailant arrested but when the case came up for trial in Judge Seely's court the woman agreed to pay the doctor bill and the case against Morevich was dropped.

PORTION BRITTAN ESTATE SOLD TO BOARDMAN BROS.

Judge Buck on Thursday confirmed the sale of 60 acres of land, a portion of the N. J. Brittan estate, to Boardman Brothers and Company for $25,000. The property is a tract of level land fronting on the State highway near San Carlos and not far from the town limits of Redwood City. There were no other bidders for the choice piece of realty. The price paid is considered low. This is only a small portion of the big estate all of which is for sale. It is appraised at several hundred thousand dollars but is somewhat incumbered. The new owners contemplate improving the realty at once.

FALSE REPORT DOES INJUSTICE TO JUDGE SEELY LAST WEEK

An injustice was done Judge Geo. E. Seely last week when it was stated that he was to act at the wedding of Morris Brodney and Miss Sylvia Rosenthal that was to have taken place on the stage of the Fremont Dancing Academy last Saturday evening. Mr. Seely did not officiate and furthermore never consented to do so as he does not believe in such spectacular affairs which only belittle the sacred character of a marriage ceremony.

The marriage was performed in the parlors of the Sequoia hotel by Rev. Parker, pastor of the local Baptist church.

Mr. Seely believes that a marriage ceremony should be fraught with every dignity and performed with due reverence to the marriage vow.

The David Flynn garage is preparing to extend their garage. It is to be built across the creek to the property of John Poole. Owing to the rapidly increasing business of Mr. Flynn he was compelled to acquire larger quarters. He is the local agent for the Ford automobile. He is unable to deliver the many orders he is receiving for cars. His repairing work has also increased to the extent that more room is needed. Over $5,000 will be spent in the contemplated improvements.

CITY TRUSTEES ENDORSE RESPECT FOR FLAG PLAN

At the regular meeting of the city council Monday evening, the trustees set an example in patriotic regard for the appearanc of the flags which are displayed from the public buildings and in the parks of the city which might well be followed by citizens of the city generally. Acting upon a report that several of the flags belonging to the city had become frayed and faded from exposure, the trustees by a unanimous vote instructed City Clerk Price to purchase as soon as possible such number of new flags as may be found necessary to replace those which did not present an appearance calculated to attest the patriotic sentiments of the people of the city. During the discussion which preceeded this action Mayor Sampson called attention to the fact that many of the flags displayed over private buildings were in any thing but an inspiring conditions, and suggested that individual citizens might well follow the example officially set by the city.

Beyond this action but little business was presented for consideration of the meeting, which was attended by Trustees McNulty, Mable, Tuchsen and Sampson.

George R. Felton and the Blue Line Stage Company were each granted permits to operate motor passenger lines out of the city to Camp Fremont, applications for the permits having been filed at the previous meeting.

Under the provisions of the new motor carrying ordinance, five applications for permits to operate bus lines through and from the city were presented. nder the law, these applications were set for hearing at the next regular meeting.

W. T. Chubbuk, proprietor of the Peninsula Garage, who is under a contract to house and care for the auto-chemical fire truck at a stipulated price of $50 per month, asked in a communieation, that his compensation be increased to $75 per month. As the contract still has about two years to run and as no specific reasons for an increase were given, action on the request was deferred until the next meeting to allow time for investigation, it bieng the sentiment of the trustees that some extra allowance might be made is sufficient reason could be shown.

The Fremont Khaki Club, composed of soldiers of Camp Fremont, applied for and was granted a permit to hold another all night dance on the evening of Saturday, December 5th. In granting the permit, the trustees expressed the opinion that the dance previously given by the soldier boys was unusually well conducted.

An ordinance regulating the keeping of lodging houses in the city was presented and given an introductory reading. The ordinance classes all houses where five or more rooms are rented to lodgers as lodging houses and requires all such places to obtain permits from the council, and to keep a register of guests, which shall at all times be open to police inspection. The ordinance does not require any license fee, evidently being designed entirely as a matter of police regulation.

Trustee Tuchsen was given authority to have a number of minor repairs made to the roof of the city hall.

FRANK TANNERY EMPLOYES GRANTED EIGHT-HOUR DAY

On and after December first all departments of the Frank Tanning Company's plant will be conducted on an eight hour basis. A number of the departments have been working nine hours but after the first no man in the employ of the company will work more than eight hours. The eight hour schedule has been adopted by the greater portion of the tanneries of th estate. The local institution is progressive and generally leads in all movements having a tendency for the improvement of its employees.

All the men feel grateful for this concessions on the part of their employers. Their pay will remain the same. The employes are given a bonus every year by the company. This will be awarded at the end of the year.

THANKSGIVING SERVICES TO BE OBSERVED IN LARGE WAY

Thanksgiving will be obserbed in a large way in Redwood this year. The Sequoia Theatre has kindly been offered free for the gathering, and Dr. Henry M. Campbell, one of San Jose's most able pastors, whose words carry great weight, has consented to deliver the address. A message has just been received from Miss Edna Zimmerman, one of Redwood's gifted singers, now studying in San Francisco, that she will favorus with her presence in the song service. There will also be a large union chorus choir. This is being made a purely community Thanksgiving gathering on this notable year in our national history, and the whole city is asked to be present, in witness to their Christian patriotism. The service will begin at 10:30.

ANOTHER TAX INEQUITY

Still another inequity in the revenue law, which could have been corrected easily by its author, has been pointed out by Congressman Charles F. Reaves of Nebraska. In computing the excess profits tax of an individual engaged in business a deduction is allowed for overhead charges and labor, but if the labor is performed, for instance, by the individual's children, to whom he pays nothing, no deduction is permissable. Mr. Reavis shows that in such a case the man would be paying an excess profits tax on the labor in his business instead of on the profits and would be put to a disadvantage as compared with the man who hires outside assistance.

CITIZENSHIP FOR ENLISTED ALIENS

Congressman Merrill Moores of Indiana has a bill pending before the Committee on Naturalization upon which he will endeavor to get action when Congress convenes in December. The measure proposes to grant all the rights of American citizens to enlisted men and officers of the army, navy and marine corps, inmates of soldier's homes, and pensioners of the United States, provided they have taken the required oath of enlistment or the oath of allegiance, and are now residents of the United States. Mr. Moores' bill is of the character of other measures introduced by Republicans extending substantial recognition to those alien residents who have shown their patriotism by entering our military service.

MORE SHIPS

And once again—Ships. This is the crying need of the war. The U-boat has not been conquered; and the most recent reports of its operations show that darkness and stormy weather operate to its advantage. With the winter season coming on, when nasty seas will be the daily order, the U-boat may take on an enlarged activity in spite of the added patrol which will be given to all the Allied shipping. In this view the fall drive in Flanders takes on greater importance. If Haig and Petain can manage to cut the German lines now so that their communications with the U-boat bases on the Belgian coast will be destroyed those pestholes will be purified and the winter's toll will be the harder to take.

DIVORCE ACTION BRINGS MANY VISITORS TO REDWOOD

The trial of the divorce action of Martha Wallace against Samuel J. Wallace of South San Francisco, and well-known business man of that city was had before Judge Buck Wednesday. A large number of witnesses were subpoened by both parties, and the court room was crowded with many South San Francisco people. Mrs. Wallace was represented by F. A. Reynolds and Mr. Wallace was defended by Attorney Joseph J. Bullock. After the testimony was taken and after arguments of counsel, the case was submitted to Judge Buck for decision. To date no decision has been rendered.

Granted Interlocutory Decree

Sofia Zanata of San Mateo through her attorney, Joseph J. Bullock, was granted an interlocutory decree of divorce from her husband, Joseph Zanata on Thursday by Judge Buck. No appearance was made in court by Mr. Zanata, and the decree was accordingly granted by default.

DUCK HUNTING REMINISCENCES

(Continued from page 1)

Fence" where the Flood pond was located, and where it still stands today curiously, combined with "duckitis" drew us farther southward until we became aware of the cause of the heavy bombardment that was going on. Mr. Flood and a party of friends were enjoying the sport of kings. The wind was blowing from the northward with the tide on the ebb, and the ducks were leading in about as fast as the hunters could load and shoot. "Bill" and I waited behind a cross fence until the flight was over and the young men gathered up their ducks, and went home. Then we climbed over the fence and discovered the Flood pond. Three or four cripples were diving and swimming around, which we shot over and which the wind quickly blew into the edge of the bank. Tucking them away in our hunting coats we started homeward. As we walked along we talked the matter over and reasoned to ourselves that Jimmie Flood and his friends would not shoot at the pond on the next day, as they must have killed all the ducks they could possibly wish for, so we laid our plans to be down at that pond as early as possible the next day and have a shoot ourselves. It is a common saying that man proposes and God disposes. In this particular case it was us boys doing the proposing and Jimmie Flood at the disposing end. We reached the pond by eight o'clock the next morning and were having the time of our lives for about an hour. We had eight or nine ducks which I had in my hunting coat pockets and there was two crippled teal in the pond which I was trying to get a shot at. It was on one side and my pal on the other where he could watch the road leading up to the Flood home. Suddenly I hard "Bill" call "cheese-it" from a clump of willows across the pond. What became of him I did not know until about an hour afterwards. He disappeared so suddenly that I told him when we met again he reminded me of a ground squirrel. I did see some one else, however, and that person was not ten feet behind me. So intent had I been in my endeavors to secure the two crippled teal that I took notice of little else until "Bill's" warning cry rang out, and then when I did look around there stodd Jimmie Flood, but the width of the driveway from me. I can picture him yet as he stood there looking at me with a smile on his face. Don't think for a moment that I smiled back. Far from it. But I didn't play the baby act either. I knew I was up against it, as the saying is, and proposed to take my medicine. The prescription, however, which young Mr. Flood compounded for me was not a difficult one to swallow, and its after effects left no bad taste in my mouth. I expected he would grab hold of me, take my ducks away and kick me off the property, but he did nothing of the kind. "What are you doing here young man" was his first salutation. The question was rather superflous, as I had a shot gun in my hand and quite a suspicious bulge in my hunting coat pockets. The evidence was so palpable that it would have been ridiculous to lie to him. "Shooting ducks" I replied. "So I presumed" he said. "Did you have any luck" he continued. "Yes, about eight" I ventured to say. "Well now I will tell you" said Mr. Flood, "this is my property, and you have no right to shoot here. Go on home and don't let me find you in here again." I promised him not to shoot there any more, bid him good bye, climbed over the fence, felt the color returning to my face and headed homeward. A quarter of a mile away I saw "Bill" raise up out of the tar weed. When I informed him of my experience we both declared Jimmie Flood a good fellow, and that is why I reiterate in this article that James L. Flood is today the same unassuming, gentlemanly democratic person that he was when I first met him about thirty-five years ago.

Churches Services

Congregational Church

Next Sunday morning at 11 o'clock the pastor will preach on "The Divine Art of Thanksgiving." We have much to be thankful for. The evening service at 7:30, over 75 beautiful slides will be shown on the "Remote places in the Philippines." Come and see some of our new possessions. Sunday school 9:45. Our aim is 200, will you be one? Christian Endeavor 6:30. The public is cordially invited.

Baptist Church

At the popular Sunday night service in the Baptist church this coming Sunday, the pastor is to present a part of his delightful "travalog" The Switzerland of America. He will carry his audience through California and Utah into Colorado in mighty mountain climbing. This lecture has received much facorable comment of the press, both in the East and the West. The stirring patriotic song, "Columbia, the Gem of the Ocean" beautifully illustrated by colored stereopticon slides, will be sung. The service is entirely free, and the public is cordially invited to be present. The hour of the meeting is 730 .

Forum, Baptist Church

The forum meeting at the Baptist Auditorium last Sunday evening was much enjoyed by the people present. All agreed that Mr. Button of Mountain View, who gave the lecture, has a remarkably fine set of colored stereopticon slides on Temperance. These slides, for the most part, were made from origial drawings of the late Frank Beard of Ram's Horn fame. The evil of the saloon was shown from the economic, moral and humanitarian standpoint, in pictures that spoke in tones of thunder, while the lecturer's accompanying words were interesting and illuminating.

In the second part of the lecture slides were presented showing the "Material the Devil Wants." Boys and girls in their purity; to be debauched. And in the third section, there were presented some beautiful slides of a beautiful personage who comes to men in their need with help—the only source of help; The Divine Master.

A very pleasing part of the service was the singing of Mrs. Earl Baird. She sang two pieces, as the illustrations were thrown upon the screen: "Lead Kindly Light" and "The Ninity and Nine." Altogether it was a unique service.

REPORT OF SESSION OF SUPERVISORS

The board of supervisors met in regular session Monday November 19th at 10 a. m., there being present Dr. C. V. Thompson, presiding, T. L. Hickey, W. H. Brown, John MacBain and Jos. M. Francis.

Rev. C. A. Parker of the Baptist Church Redwood City, appeared before the board and asked for the individual endorsement of the members to a petition he read and which was to be sent to President Wilson asking for the pardon of G. Rockwell, Redwood City man, who is serving a six months' term in the county jail in San Francisco for selling intoxicating liquor to two soldiers in uniform last September. Rev. Parker spoke of the past good record of the man and stated that he had committed the offense while under the influence of liquor. His incarceration, he said, was seriously affecting his health, and unless he was released from jail it was probable he would not survive his sentence.

All the members of the board with the exception of Supervisor Hickey signed the petition the latter addressing the board and stating that while he felt for the man and his family, he believed that the government should be upheld at this time in the punishment of all violations of this kind.

Applications for permits to peddle junk in the county were received from Maloney Bros. and H. Forman of San Mateo. The permits were granted on motion of Brown, seconded by Francis.

Mrs. S. Di Natale presented a petition and was granted permission, on motion of MacBain, seconded by Hickey, to conduct a cigar store, pool room and lunch counter at the corner of Santa Cruz avenue and University avenue in Menlo Park.

E. D. Burt of San Francisco presented an application and was granted a permit to conduct a bakery and lunch counter on Santa Cruz avenue in Menlo Park, on motion of MacBain, seconded by Francis.

Ben N. Taliaferro presented an application for a permit to conduct a photograph studio in the Meta Coxen building on Oak Grove avenue in Menlo Park. The permit was granted on motion of MacBain, seconded by Hickey.

A communication was received from F. G. Spencer of Easton, in which he protested the action of the board in settling the damage suit of C. Wheeler against County Surveyor James V. Neuman in the sum of $600. The communication was referred to District Attorney Swart to answer.

A communication was received from the State Horticultural Commission calling the boards attention to a meeting of the State Association of County Horticultural Commissioners at Sacramento on November 19th. The communication was ordered filed

The Blue Line Stage Transportation Co., of Redwood, which filed an application at the meeting of November 5th, the hearing of which was set for this day, was granted a permit to operate a motor bus service from Redwood City to Palo Alto, on motion of MacBain, seconded by Hickey. The company was represented by Gorden Seely.

Applications were received from G. R. Felton of Redwood City to operate a motor bus service between Redwood City and Camp Fremont; from F. J. Sweeney, San Francisco, to operate a Ford auto bus between Redwood City and the Santa Clara county line, and from John O'Farrell of Menlo Park for a permit to operate a motor bus passenger service between Camp Fremont and the City of Palo Alto.

Hearing in all three cases was set for Monday, December 3d, by Chairman Thompson.

A communication was received from the Railroad Commissioners, enclosing a copy of their Engineers' Department Grade Crossing report, pertaining to the railroad crossings of San Mateo county. The communication, as well as the report, was ordered referred to Supervisor MacBain and County Survyor Neuman.

L. Ross, whose petition had been received at a previous meeting, was granted a permit to peddle junk in the county, on motion of Hickey, seconded by Brown.

The application of A. Becco, heretofore received, was granted to peddle dry goods in the county, on motion of Hickey, seconded by Francis.

The application of Jack Mori, Rockaway Beach roadhouse keeper, for a dance permit, was denied, on motion of Hickey seconded by Brown. Mori was recently found guilty in the Federal Court of selling liquor to soldiers in uniform and was sentenced to six months in the county jail in San Francisco and pay a fine of $500. His license was revoked at the meeting of the supervisors on November 12th.

Mrs. J. May Barrow was granted permission to conduct dancing in connection with her saloon license at Millbrae, on motion of Hickey, seconded by MacBain. The members all voted yes on roll call, excepting Supervisor Brown, who voted no.

A claim of F. H. Stow, amounting to $1,295 and being for a tractor furnished the county in the Third district, was ordered paid, on motion of MacBain, seconded by Hickey.

On motion of Francis, seconded by Hickey, the supervisor of the Fourth district was granted permission to construct a culvert and fill at Karallone. On the same motion, the clerk was directed to petition the Railroad Commission for the necessary permit to perform this work.

Chairman Thompson addressed the board and asked for the usual permit to open up Pescadero creek at its mouth to take care of the winter rains The request was granted, on motion of Brown seconded by Hickey.

Supervisor Brown called the board's attention to the condition of the Southern Pacific Company's crossings on the various highways of the county. On motion of MacBain, seconded by Brown, Engineer Neuman was instructed to write the Railroad Commissioners to arrange to take the above matter up with that body.

The board adjourned at 11.10 to Monday, December 3d, 1917.

He'll Be Here Quite A While

—but you need not worry, Mrs. Morehouse. He's a wise man and had the forethought to take out an ÆTNA ACCIDENT AND HEALTH POLICY.

That means my operating fee will be paid and $50 a week—payable monthly—will be yours as long as he's here. After that, $25 a week until he's well and strong again. That ought to lighten the load.

We've had some pretty pitiful cases in this hospital—men brought here for weeks at a time without income of any sort. Their wives have had to work, their children have been kept from school in order that they might earn a few extra pennies to keep body and soul together.

And all this hardship could have been avoided, for it costs very little to

The Gift of His Dreams

—a Harley-Davidson Bicycle

EVERY boy dreams of the day when he will have a new "bike" just as he dreams of the days when he'll be a man. Didn't you dream those dreams when you were his age? Can't you recall that inexpressible gratitude which surged through your boyish heart when your dad saw the yearning in your eyes and Christmas morning brought you a "bike"?

Your lad is dreaming now of spring and a Harley-Davidson—built in the same sturdy manner which has made the Harley-Davidson motorcycle the Master Mount for sixteen years. Will he ride with the rest of the boys?

With a Harley-Davidson bicycle, fresh air and sunshine, woods and fields are his. Help him answer that instinctive call of the great out-of-doors.

Let the Christmas gift from his dad be a bicycle—see the joy in his eyes when he finds it's a Harley-Davidson.

Did you ever think what a bicycle and the out-of-doors can do for a young girl's health?

There s a Harley-Davidson for every member of the family.

H. W. Schaberg, inheritance tax appraiser of the estate of Katharina Wahl, deceased, has filed his inventory and appraisement. The estate is all located in Redwood City. The Wahl building on Main street opposite Broadway and one of the largest structures in Redwood City is appraised at $25,000. Two houses and lots on Beech street are appraised at $2,500. Five shares of the capital stock of the Redwood City Hotel Company is valued at $500. The personal property consists of lodge furniture and household effects and is appraised at $75. Dunnigan, clerk of the board of supervisors of San Francisco and a member of the citizens committee who secured the leases for the government for the location of Camp Fremont, has moved to this locality and will reside near Redwood City until all the work of the committee is completed. R. F. CHILCOTT PAYS VISIT TO AERIAL HEIGHTS OF CITY

—R. F. Chilcott has become acquainted with the thrills of the air and knows all about air currents. On Thursday Mr. Chilcott and Professor Frank Bryant, superintendent of the Christofferson aviation school, took a sensational flight in Mr. Bryant's new aeroplane. They went to an altitude of 1000 feet and then glided leisurely to terra firma. Mr. Chilcott liked the thrill of going up to the heavens but did not fancy the sensation of the descent although he seemed perfectly at ease as the big air machine landed a few feet from a group of friends who had watched the flight. It would not be surprising to learn of Mr. Chilcott joining the government aviation corps and becoming an aviator. Mr. Chilcott says the experience gained in such flights cannot be told in words.

Those young men from Redwood City who went with the contingent are: Eric Thompson, R. C. Lombardini, Eugene D. White, Russell Simmons, Louis Debenedetti, W. F. Herm, Fred Chaves and C. Miller.

Sixty-eight young men entrained and among them are some of the prominent young men of the county.

The individual evidently seeing that he was in wrong, quickly removed the hat and slunk away through the crowd. His name was not learned.

J. Bromberger has leased the Duff & Doyle building on the highway used by the firm as a warehouse and will open a gents furnishing store and soldier's supply house. Mr. Brumberger has conducted a large store near the Presido, San Francisco, for years.

The Dairyette next to Duff and Doyle is now open for business. The proprietors cater to the general public and military men in particular. They have the best of everything in the eating line. Quick meals and short orders prepared in your presence. Prices reasonable.

Leland Lindeman, son of I. Lindeman, formerly proprietor of the Peninsula Creamery, is now stationed at Camp Fremont in the quartermaster's department. He enlisted in the regular army som tim ago and was first sent to Camp Kearny, but was transferred to the Menlo Park cantonment last week.

A son was born on Sunday to Mrs. George Nickel, wife of George Nickel, who is the grandson of the late Henry Miller, cattle king, whose estate was valued at several million dollars. The boy will be one of the heirs to the Miller fortune, which is in the form of a trust to Mrs. Nellie Miller Nickel and her hsuband, J. Leroy Nickel.

Frank Clothier met with a painful accident last Sunday morning while coming home from church. He was run into by a carriage from St. Patrick's Seminary, one of the shafts of the vehicle striking the young man on the head causing an ugly wound, which Dostor Ross found necessary to sew in three stitches. There will be no serious results. Frank will be able to attend school on Monday next.

G. Charles Hodges, son of Mr. and Mrs. Charles E. Hodges of 451 Channing, avenue, Palo Alto, left Tuesday for Pullman, Wash., where he has accepted a position as instructor in history at Washington State College. Mr. Hodges is a graduate of Stanford University, where he recently secured his master's degree. The young man is well-known in Menlo Park. He is a clever educator.

Talbot C. Walker and family have rented a house at Santa Barbara for a few months. Mr. Walker's health has not been the best for some time past and he goes south hoping the change of climate will be beneficial to him. Mrs. James W. Keeney, mother of Mrs. Walker, and her daughter, Helen, left recently for New York where they will spend the winter with Mrs. Keeney's sister.

Thanksgiving Attraction for Menlo

The big annual Thanksgiving show in the Hall of the Nativity on next Monday evening, November 26th, promises to overtax the capacity of that large hall.

"Betsy Baker" will be at her very best and that is saying a good deal. Betsy has swept off its feet every audience she has ever bowed and smiled to. And Betsy has a remarkably clever troop supporting her. Filling out the program with Betsy and her company will be some of the cleverest singers and artists that Uncle Sam's encampment at Menlo has yet brought amongst us. Amongst others the Argall brothers from the quartermaster's department will stage several musical numbers. Before the war began, the Argall brothers had a state-wide reputation for their wonderful concert work.

The hero too, of the "Betsy Baker" troop is a man from the Camp Postal department and one whose histrionic reputation you will recall when you see his name on the program. Then the local talent! The best in Menlo Park! Can you guess? I think so. And after the program? Kell ask any one of the thousands who have tried it, about that floor. Special music from San Francisco. Refreshments! And, listen! Your Thanksgiving dinner if you kno whow to go about it.

Camp Hospital Nearing Completion

The base hospital at Ravenswood is about completed. Next week a medical staff of 150 medical men will be in charge. Many of these will be students. There is to be 20 commissioned doctors at the head of the institution. Forty female nurses are also to be here. The hospital has a capacity for 500 patients but as many as 1,500 can be cared for. Wounded soldiers from the front will be sent to the institution for treatemnt and become convalescent. No better place in the country could be selected than this spot which is ideal in every way. The remount station across from the hospital will also be completed next week. All that remains to be done is connect the buildings with the sewers. Yesterday a number of medical men from Monterey came up to Camp Fremont for a few days before going for duty at the base hospital.

Construction work on the outfall sewer from Camp Fremont to the bay is being pushed as rapidly as possible, it was announced at constructing quartermaster headquarters yesterday. Effort is being concentrated on the portions of the big ditch where digging would be most interfered with by bad weather. Two miles of the course of the sewer lies alongside the road where the machines can dig on, rain or shine.

The bog trenching machines are working double shift, sixteen hours a day, now and more equipment is being secured as fast as possible. Capt. R. L. Smith, chief of engineers, believes that if good weather lasts the sewer will be completed in three weeks. When that is done troops will doubtless be sent here from the east and west, north and south as fast as they can be moved.

Some difficulty was encountered by Lindgrin Company the fore part of the week when work on the sewer at Ravenswood was stopped. William Carnduff refused to permit the outfall sewer to be dumped in a small slough near his property. This objection was overcome by changing the route so that the outlet will be in a large creek near the bay.
